

WEBINAR PRESENTED BY

Where Innovation Meets Automation

# SHOULD I HIRE A ROBOT?

## Robotics & Automation Case Studies from Small Manufacturers

Thursday, February 11, 2021 | 8AM - 12PM

- Overview of robotics and automation
- Panel discussion with several manufacturers & integrators who have helped bring robotics and automations into their workplace
- Recognize how a robotic or automation solution could benefit your company and have an idea of where to start

Join us for this interactive webinar & panel discussion, as local manufacturers & integrators present their examples of robotics & automation implementation.

Contributing participants include TMAC/SwRi, Pressure Systems International (PSI), Innovation, Technology, Machinery (ITM), Yeti & Division Laundry & Cleaners, Inc.
